NEC Successfully Completes Induction Training for State High Election Committees

written by NEC Press | October 21, 2024

Juba, South Sudan – The National Election Commission (NEC) has successfully concluded the induction training for the State High Election Committees (SHECs), marking a significant achievement in preparation for the upcoming national elections scheduled for December 22, 2026. The workshop, held from October 8-11, 2024, in Juba, was organized with the support of the UN-Integrated Electoral Assistance Team (UN-IEAT) and aimed at equipping the SHEC members with the skills and

knowledge necessary to ensure a smooth electoral process.

The training is a culmination of months of meticulous planning and consultations that began earlier this year. In April and May, NEC officials visited all ten states to engage with stakeholders and discuss the establishment of the SHECs. The committees, comprising 50 members, were officially announced on June 17, 2024, by NEC Chair Prof. Abednego Akok Kachuoḷ, and took their oath of office on July 11, 2024.

The induction workshop covered a comprehensive curriculum that included electoral laws, ethical standards, and operational procedures for managing elections. Participants were also trained on logistical coordination, stakeholder engagement, and conflict resolution strategies to handle potential challenges during the electoral period. The NEC, along with the UN-IEAT, emphasized the importance of transparency, integrity, and inclusiveness in the electoral process.

Speaking at the closing ceremony, Prof. Abednego Akok Kachuoḷ commended the commitment and dedication of the SHEC members. "The completion of this training marks a critical milestone in our journey toward a fair and credible election in 2026. With this induction, our State High Election Committees are well-prepared to uphold democratic values and oversee the electoral process effectively," he stated.

Participants expressed their readiness to apply the training in their respective states, where their immediate focus will be refurbishing and setting up local offices to facilitate election-related activities. The NEC and the UN-IEAT will continue to provide technical support and monitoring as the SHECs carry out their mandate in the lead-up to the 2026 elections.

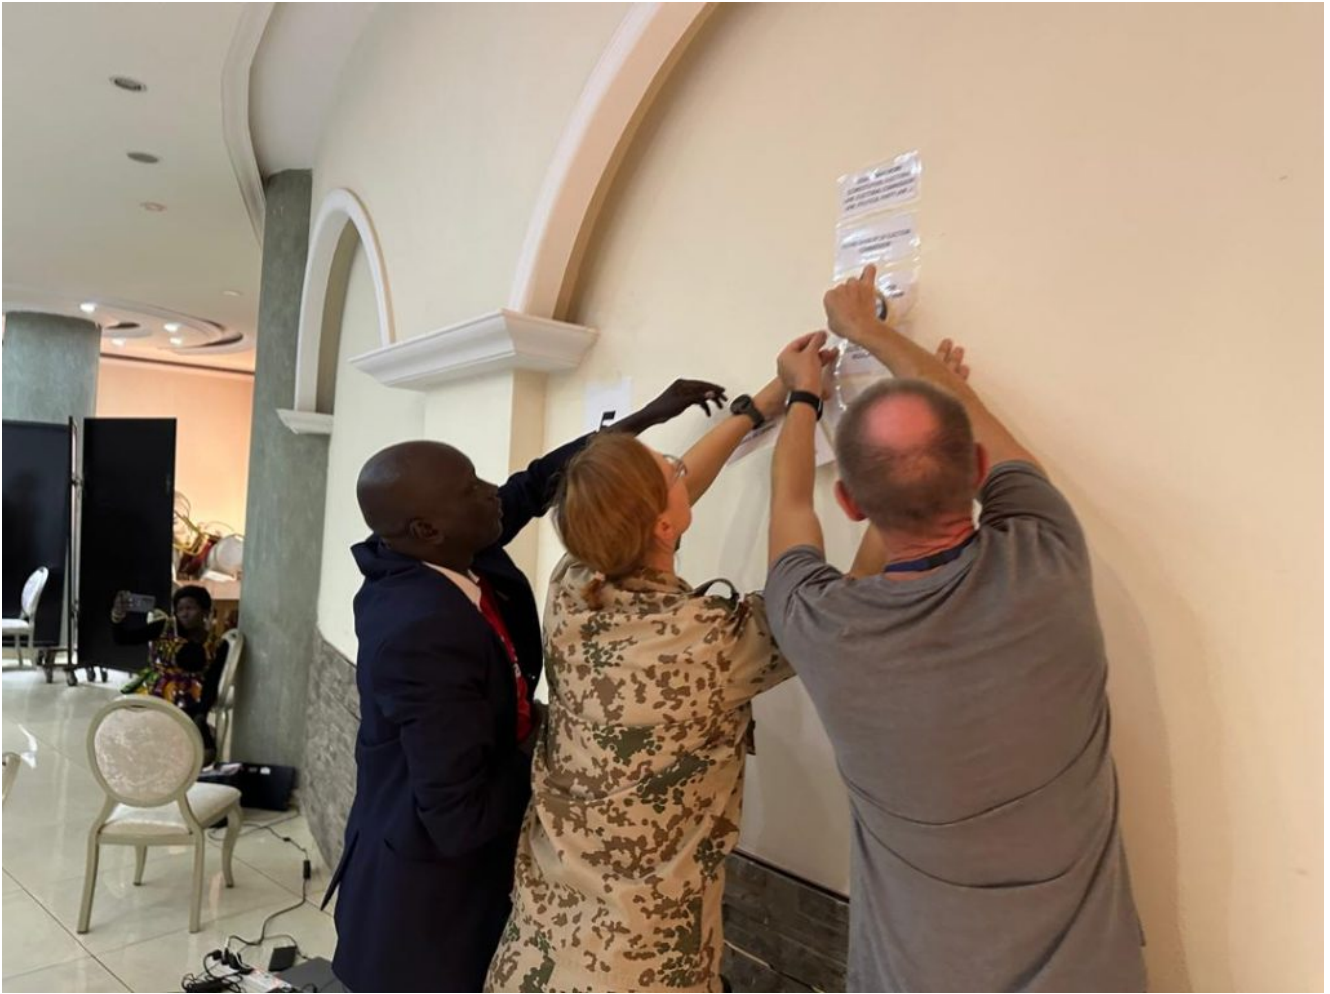

The successful completion of this induction training is a promising step toward strengthening South Sudan's democratic framework, as the country gears up for its national elections.

The NEC's proactive measures, supported by international partners, underscore a commitment to enhancing the electoral process and ensuring that the voices of the South Sudanese people are heard.

Extended Introduction to Electoral Administration (October 1st to 04th and October 14th to 17th)

Between 22 April and 28 June 2024, UN IEAT conducted 26 BRIDGE (Building Resources in Democracy, Governance and Elections) training workshops in Juba, all ten states and Pibor Administrative Area. The workshops were delivered by 13 accredited international facilitators to members of the National Election Commission, civil society, media, and UN IEAT staff. The training workshops covered a diverse range of electoral topics, including management (Building Excellence in Elections); election standards, electoral cycle, and electoral stakeholders (Introduction to Election Administration); election operations; and voter and civic education; voter rights for persons with disabilities, youth and women (Access to Electoral Processes); and training methods for election stakeholders (Train the Facilitator).
